

Andras Bartos (HUN)

1968 born in Budapest (HUN). Works and lives in Berlin.

Andras Bartos creates characters full of ironic discrepancy and edgy simplicity. His experience in set designing is reflected by the multi layered and multi functional works. Their details are headstrong and yet unmistakably original. In addition to his painting, he has developed his own individual world of comics, with meanwhile over 150 characters.

„United Lonliness“ is the label under which Andras Bartos produces his art offering a wide range of individual artworks yet very affordable.
